

Thank you to our National Minyan League players and the Platinum Minyanaires for your help in ensuring that we have been able to hold our twice daily minyanim. With so many people away or unable to attend, your presence has been very much appreciated. We anticipate more people being away in the next few months, so if you can join us as often as possible, that would be wonderful.

Thanks to the generosity of the Zeisler Family Foundation, Beth Tzedec clergy and staff will be pleased to provide you with a yearzeit candle when you attend weekday (Sunday to Friday) services.

We observe the following Yahrzeits this week of
January 12-18, 2019

Jewish Family Services - Miriam's Well
Every drop in the bucket helps!

The need is great. Please do what you can when visiting the Synagogue by bringing any canned goods, cereal, paper products or toiletries. Items need not be kosher. Even just one item from everyone can make a difference. Let's encourage our young children to participate in this great Mitzvah.

How Technology, Life Experiences and Imagination Shape the Human Brain

Featuring Hebrew University Professor Amir Amedi

Monday, January 14th - 7:00pm

Beth Tzedec Congregation

Professor Amir Amedi is an award-winning brain scientist whose research suggests new ways to look at brain organization and brain flexibility. His work with blind and normal sighted individuals suggests that the brain is actually a flexible sensory independent task machine rather than a pure sensory machine. Proudly presented by Canadian Friends of Hebrew University of Jerusalem, Canadian Magen David Adom and Beth Tzedec Congregation.
